or visit us at [www.dovelinkbusiness.com](http://www.dovelinkbusiness.com)

*"Where Commitment Empowers Vision"*

DoveLink Business is the **ONLY** FIS certified vendor that can support full integration of BizChex within the Episys core. After FIS released BizChex JHA announced that they would not code to BizChex for Episys clients. DoveLink Business, using the power of Genesis, developed an interface that integrates BizChex for Episys uniquely for credit unions desiring to streamline onboarding small business accounts. **There is no need to bounce out to a website to pull BizChex any longer.**

## **Ignite Plus Features:**

- *50 hours of customization for PowerOns (includes EMA/EAR)*
- *Empowers automated decision making using BizChex*
- *Mitigates losses by reducing business account charge-offs*
- *Eliminates manual processes involving BizChex*
- *Complies with OFAC regulations with incorporating OFAC Watch*
- *Provides for on screen visual of detailed FIS BizChex report*
- *Maintains data with a local SQL database*
- *Assists Compliance Officer with daily reports*
- *Stores FIS reports for historical analysis*
- *Supports BizChex for legal entity and DBAs for business accounts*
- *Built on the power of Genesis where there are an infinite number of possibilities to extend the functionality of Episys/Quest*
