Here at DoveLink Business we understand that is important to build trust with vendors. This takes time and often at significant costs. And unfortunately it does not always turn out the way that you had planned. Therefore, we would like to give you an opportunity to get to know us better with our **“Walk Before You Run”** program. If you have never worked with DoveLink Business or if you have but it has been a while, why not get to know us better with **“Walk Before You Run.”**

Here is how it works! You will receive **50** hours for the cost of **\$3,500.00**. These hours fall within the same guidelines as our Systematic Support bundles. Your hours never expire! They can be used for most any IT task. You get a standard service agreement and you will see how we manage projects, including monthly activity reports. Finally, you can request access to our online system.

We are confident that you will understand we are a company built on integrity that can get the job done and on time!

Contact us by visiting our website and submitting a request on our Contact Page to take advantage of this incredible opportunity!
